

Dear parents and students of S4 – S7,

As you have been informed, our **Cambridge English exams** will take place in **February 2026**. February 4th 2026 (oral examination) and February 7th 2026 (written examination).

Therefore, we are inviting all interested students to register and pay for the Cambridge language exams. **Registration is open.** The other languages (French and Spanish) will follow at a later date.

You will find all the necessary information about exam dates, fee payment, registration and preparation material below. Be especially aware of the **deadline- 31 January 2026**. Any registration after this deadline cannot be accepted. The candidates will be excused from their regular classes for their exams.

We have tried to look for exam dates that avoid interference with school exams. Yet it might happen that in individual cases these exam dates clash with school exams. Please remember that school duties always have priority: a school exam cannot be postponed for a language exam. It is up to each candidate to check their calendars for any school exams or other important school activity.

Registration for English Cambridge Certificates FCE and CAE:

1. The registration is open, and it is fully online. We are offering the so called “digital” exam, which means the candidates will not write on paper, but use laptops provided by Cambridge.
